

“Do you suffer from pain in your back, shoulders or neck?”

“YOU ARE NOT ALONE!”

Around 17 million people suffer from back pain - that's a third of the adult population.

For three million of those people, the pain lasts throughout the year and reduces the quality of life.

Your body is able to totally heal and maintain itself naturally although lingering pain can cause discomfort throughout.

4Pain was designed to help by creating powerful magnetic fields, which may reduce pain by improving circulation and calming nerve signals.

Simple to use

All you have to do is attach the small and discreet 4Pain to your clothes at the point of the pain. What could be easier?

Small and discreet
simply attaches to clothing

WILL LAST A LIFETIME!

Tried and tested

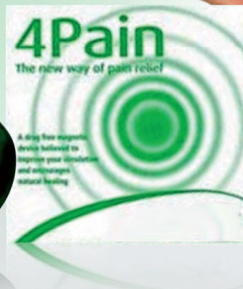

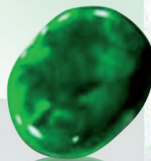

All our products are tested in rigorous and fully-supervised consumer trials. Increasingly, doctors, nurses, osteopaths and health practitioners are recommending and using Magnopulse products

Patented technology

Researched and developed over the last 10 years, 4Pain will, we believe, be the only thing you need to ease or totally eliminate PAIN! 4Pain can help ease the pain caused by

•Back Pain •Arthritis •Sciatica •Whiplash
•Spinal injuries •Sports injuries •Pulled muscles

The belief of many experts is that a powerful magnetic field such as the one created by 4Pain can aid pain relief.

A New way without belts by simply attaching itself through your clothing using its own Patented Magnetic Fields.

drug free

- **Simple** Small and discreet, attaches to your clothes at the point of the pain
- **Versatile** For back pain, shoulder pain, neck pain, spinal injury pain, arthritic pain and even sciatic pain
- **Fast** We believe your pain can be reduced in hours rather than days
- **Safe** 4Pain has become one of our most popular products, used by many thousands and is totally safe with no reported adverse effects.

ONLY £23.⁹⁵ Each + £3p&p

Used and recommended by surgeons, doctors and nurses. A fast-acting, drug-free, magnetic device for pain relief.

“Having been diagnosed with sciatica four years ago I had been using a leading pain-killer. Since they are now banned from use, I've been looking for an alternative form of pain relief without having to take stronger tablets. I've since found 4Pain. I put it on the point of pain and it has helped me tremendously. I highly recommend it to all my friends now and wish to say a big thank you” **J. Hooper, Bristol**

4Pain costs just £23.95 + £3.00 delivery in the UK

“I recently purchased one of your new 4Pain magnets after tearing a muscle in my lower back. It was agony to sit, stand or lie down! I placed the 4Pain exactly where the pain was and, after about two hours, the excruciating stabbing pain had changed to a dull ache that occurred only when I sat down. By the end of the day I was no longer in any pain at all.”
